EDUCATION

- Trinity College Dublin - The University of Dublin** Dublin, Ireland
• M.Eng, MAI (Hons) Mechanical and Manufacturing Engineering Sept 2022 – May 2027
 - **Bachelors Grade:** First-Class Honours (1.1, 75%)
 - **Relevant Modules:** Deep Learning, Energy Policy & Demand, Wind Energy, Low Carbon Power Technology, Low Carbon Transport Technology, Engineering Mathematics, Probability & Statistics, Computational Science, Thermodynamics, Heat Transfer, Fluid Mechanics, Multibody Dynamics, Signals & Systems, Computer Engineering
 - **Activities:** Trinity Student Managed Fund, Trinity Commodities Society, Formula Trinity, DUFC Rugby

EXPERIENCE

- ElectroRoute** Dublin, Ireland
• Energy Trader (Part-Time) Jul 2026 – Present
 - Selected to continue with ElectroRoute during my masters, working as an Energy Trader covering weekend day-shifts.
 - Currently completing training and market certification exams, with the goal of working on the desk from September.
 - Trading 4GW of renewable, battery, and thermal assets in ISEM and GB markets, and supporting gas trading operations.
 - Executing strategies across day-ahead, intraday, and balancing markets, identifying opportunities and managing risks.
- ElectroRoute** Dublin, Ireland
• Energy Trading Intern (Industrial Placement) Jan 2026 – Jul 2026
 - Supported power and gas trading across European energy markets through quantitative analysis and tool development.
 - Developed a server-hosted KPI dashboard using Python, SQL, HTML, and Flask to track desk and market performance.
 - Developed machine learning forecasting models to predict energy demand, generation, and interconnector flows.
 - Analysed solar book performance, evaluating forecast accuracy, curtailment, and backtested new auction-based strategies.
 - Executed paper trading strategies for the wind portfolio, analysing performance alongside the shift trading desk.
 - Completed training across data science (Python, SQL, statistics & ML), energy markets (EFET training), power systems, trading strategy, and risk management.
- Trinity Commodities Society (tcdcommodities.com)** Dublin, Ireland
• Founding Member & Head of Professional Development Mar 2026 – Present
 - Founding member of Ireland's first commodities society covering energy, metals, and agricultural commodity markets.
 - Lead initiatives including market research reports, commodity trading workshops, and industry speaker events.
 - Developing partnerships with commodity professionals and firms for industry engagement and speaker opportunities.
- Trinity Student Managed Fund** Dublin, Ireland
• Quantitative Analyst / Macroeconomic Analyst Feb 2023 – Apr 2025
 - Performed macroeconomic and equity research using Python, contributing investment recommendations for a student-managed fund of €720,000 assets under management.
- Kirby Group Engineering** Dublin, Ireland
• Mechanical Engineering Intern May 2025 – Aug 2025
 - Supported mechanical process design and construction on a large-scale pharmaceutical manufacturing facility, applying concepts in fluid mechanics, thermodynamics, and CAD.
- Susquehanna International Group (SIG)** Dublin, Ireland
• Spring Insight Participant Feb 2024
 - Selected for SIG's competitive insight programme covering proprietary trading, options market making, and engineering.

TECHNICAL SKILLS

- **Programming:** Python, SQL, MATLAB, C++, Pandas, NumPy, scikit-learn, Plotly, Excel
- **Quantitative Analysis:** Machine Learning, Forecasting, Statistical Modelling, Regression Analysis, Backtesting
- **Energy Markets:** ISEM, GB Power Markets, EPEX Spot, Physical Power Trading, Market Fundamentals, Renewable Asset Optimisation, Risk Management
- **Engineering:** Mathematical Modelling, Thermodynamics, Fluid Mechanics, Power Systems, CFD, CAD
- **Certifications:** Energy Traders Europe – Energy Market Fundamentals, Dataquest – Data Scientist in Python, Udemy – Python & Machine Learning for Financial Analysis, Bloomberg Market Concepts
- **Languages:** English (Fluent), Spanish (Conversational)

ACHIEVEMENTS & INTERESTS

- **Achievements:** Castleknock College Deputy School Captain & Valedictorian, DUFC Rugby First XV, Bologna Marathon 2025
- **Interests:** Energy markets, geopolitics, commodities, rugby, running, golf, piano, Formula 1
